

ENGINE 61662 APPEAL

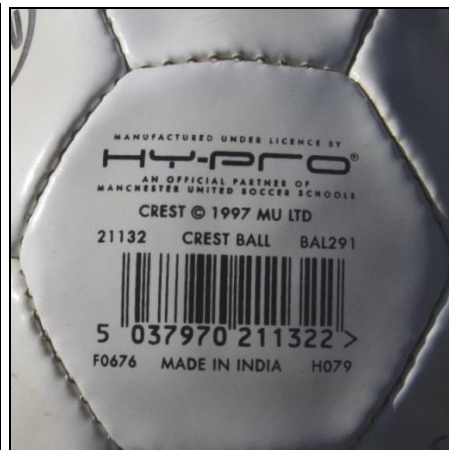

UPDATENo. : 50 February 2016

(photos KL Collection)

Our Engine 61662 Appeal received a welcome boost this month with the arrival of a surprise parcel from Manchester United Football Club. Museum Curator Mark Wylie has very kindly sent us the actual shirt worn by England Captain Wayne Rooney in the Man United vs Real Sociedad match at Old Trafford on October 23rd 2013 plus a Manchester United match football hand signed by 15 players from the 2011 squad.

Also included in the parcel was a letter from the Club authenticating these items and giving us permission to Auction them to raise funds towards our new locomotive. We greatly appreciate this very generous gift from the Club and would like to give our own Members & Supporters the first opportunity to acquire them.

If you would like to own either of these unique items, please email me or post your bids to 4 Porchfield Close, Earley by Saturday 19th March. Guideline prices will be around £150 for the shirt and £50 for the ball and the winner will also receive the equivalent value of Shares Certificates in the new 61662 locomotive. Thank you once again to Mark and the Club for this very generous assistance towards our fund raising.
